### Volunteer Provider Spotlight

Meet Dr. Richard Martini, our volunteer psychiatrist! Dr. Martini is a nationally renowned child and adolescent psychiatrist, and we are extremely fortunate to have his expertise at The People's Health Clinic. Please read his impressive biography [here](#).

### New Development Department

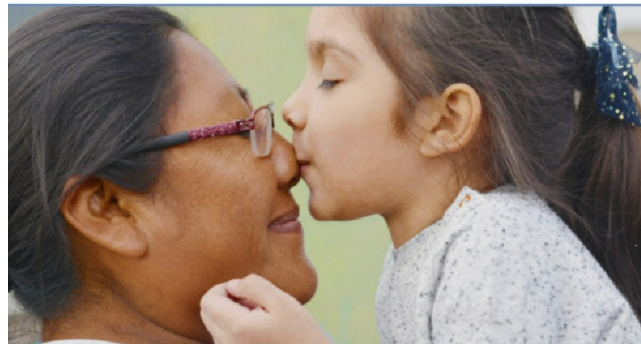

The People's Health Clinic is thrilled to welcome Amy Kimball and Jenn Marley to our team! Both bring years of experience in nonprofit development and philanthropy work.

Amy Kimball,  
Director of Development

Jenn Marley,  
Director of Philanthropy

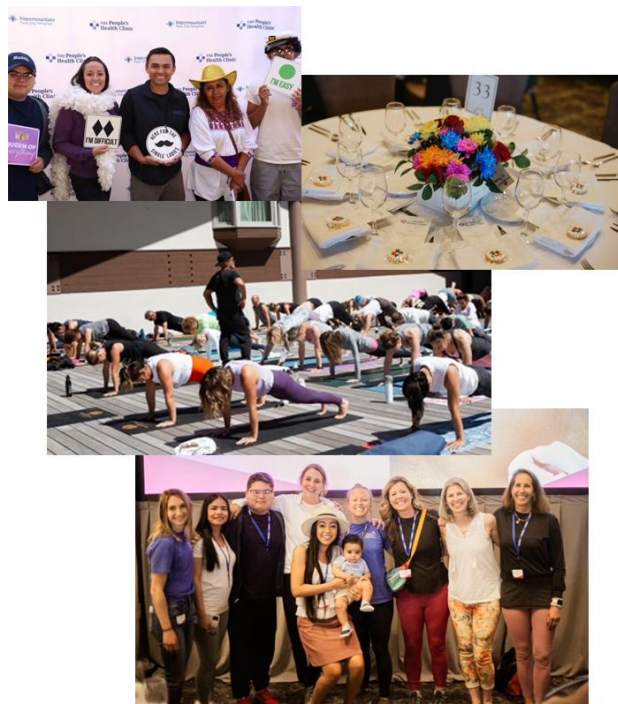

## 2023 Walk & Wine sponsored by Intermountain Park City Hospital

### Walk & Wine was a tremendous success!

We raised a landmark \$450,000 dollars to ensure that our uninsured community members receive high-quality health care. Thank you to all who attended this action-packed day complete with yoga by Baron Baptiste, live music by Shannon Runyon, and stand-up comedy by Gina Brillon. Special thanks to our patient-speakers, who had the courage to share their stories of resilience and health.

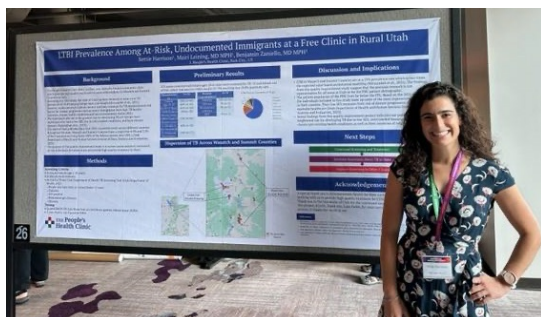

Walk & Wine was made possible by our Title Sponsor, Intermountain Park City Hospital; Empower Health VIP Sponsors: John C. Kish Foundation, Kalamazoo Outdoor Gourmet, and Elevation Capital; and Elevate Health Sponsors: Stein Eriksen Lodge, Wasatch Audio Visual, Summit-Wasatch Medical Society, Penguin Random House, Marley Construction, Sundance Institute, Summit Sotheby's, Park City Community Church, Dr. Tania Bodnar, Dr. Mary Carole Harrison, Elizabeth Jacobsen, and Dr. Merrill Lewen. Thank you to these community partners and the many more who contributed to this sold-out event!

# Food Farmacy RX

In collaboration with nonprofit partners, Summit Community Gardens/EATS and Christian Center of Park City, we have developed a Food Farmacy to ensure that our community members with food insecurity receive fresh, healthy produce as medicine. Read more about our program [here](#).

*Pictured right: Helen Nadel, M.Ed., Director of Volunteer Services and Food Security Lead, The People's Health Clinic*

*Community Impact Manager, Settie Harrison, presented her abstract, "Latent Tuberculosis Infection Prevalence Among High-Risk, Undocumented Immigrants at a Free Community Clinic in Rural Utah" at the annual National TB Conference in Atlanta last month.*

## Clinical Research

The People's Health Clinic published our first original article in the July issue of Acta Diabetologica, "Programa de diabetes: improving diabetes care for undocumented immigrants using the CHRONIC CARE MODEL at a free community clinic."

Read the full article [here](#).

## Awards

Assistant Medical Director, Rachelle Flinn, was awarded "Humanitarian PA of the Year" by the Utah Academy of Physician Assistants. Congratulations, Rachelle! Thank you for taking extraordinary care of our uninsured community members.

CEO, Mairi Leining, was awarded the "Volunteerism & Community Service Award" by the American College of Physicians, Utah Chapter.

Hypertension Program Director, Tristan Lubina, achieved his second annual "Platinum Designation Level" from the Utah Million Hearts Coalition. The People's Health Clinic was 1 of 2 clinics out of 117 applicants to achieve this status. Tristan's program is exceptional, especially because our uninsured patients have restricted access to affordable blood pressure medications.

The People's Health Clinic is a registered 501c3 in Park City, Utah.  
We are proud to have a Charity Navigator "100% Give With Confidence" rating. Tax ID# 87-0638042
