

Celebrate 25 Years of Care – Support Us on Live PC Give PC!

Dear People's,

This year marks a momentous occasion for the People's Health Clinic – our 25th Anniversary of providing free, quality healthcare to the hardworking and uninsured individuals in our community. For the past quarter-century, we've been committed to serving those who need us most, and now, we're asking for your help to ensure we can continue to do so for years to come.

On November 15th, Park City will come together once again for Live PC Give PC,

and we're excited to participate in this annual day of giving! Every dollar counts toward helping us provide essential healthcare services, from routine check-ups and women's health to chronic disease management and more.

This year, we're also hosting a Donor Appreciation Party at Flanagan's on Main from 12-3 pm with food, drinks, and friends. We'd love to celebrate with you in person!

This is where you come in! Your generous support will allow us to continue offering critical services to our patients, who rely on the People's Health Clinic for the care they wouldn't otherwise receive. Whether it's \$25 to honor our 25 years of service or a larger contribution, every donation helps us make a lasting impact in the lives of so many.

Why Give?

- *In 2023 alone, we provided care to over 3,000 patients*
- *Your donation ensures access to life-saving medications and preventive care for families*
- *We're a small clinic, and 100% of your donation directly supports patient care and programs*

Please mark your calendars for November 15th and join us for this incredible day of community giving. With your help, we'll not only celebrate 25 years of service but also ensure that we can continue to provide care, compassion, and hope for another 25 years and beyond.

Together, we can make a difference in the lives of our neighbors who need it most.
